● EXPERTS IN CUSTOM  
HANDMADE FLOORS

## WHY CHOOSE TIMBERZONE

---

At our company, we pride ourselves on our distinctive approach to the trade industry. Setting us apart from others, we not only offer an extensive selection of hand-finished floors in a variety of dimensions but also boast a cutting-edge production facility based right here in the UK. This unique combination allows us to deliver unparalleled quality and craftsmanship in every floor we create.

Our hand-finished floors are designed to be effortlessly maintained, offering an ideal flooring solution for a wide range of commercial spaces including bars, restaurants, and offices. Unlike lacquered or UV oiled finishes, our unique finishes require simple cleaning and refreshing, eliminating the need for costly and inconvenient sanding.

This easy maintenance process ensures that our floors retain their beauty and durability for the long term, making them a practical and stylish choice for any commercial setting.

---

### **Artisan-crafted plank flooring**

We specialize in custom handmade flooring, including options compatible with underfloor heating. Our product range features extra-long planks up to 7m in length and 450mm wide for a unique and luxurious touch.

### **Unmatched service excellence.**

Our unique service extends nationwide, offering sample delivery to any location and personalized site surveys for installations. We stand behind our work with a full and comprehensive guarantee on all projects.

### **Bespoke color customization.**

We excel at color matching to nearly any existing shade or creating a bespoke color of your choice. Our products are customizable in terms of finish, size, and color, allowing you to personalize your flooring to your exact specifications.

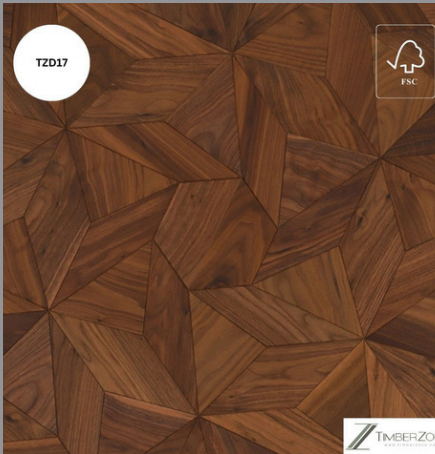

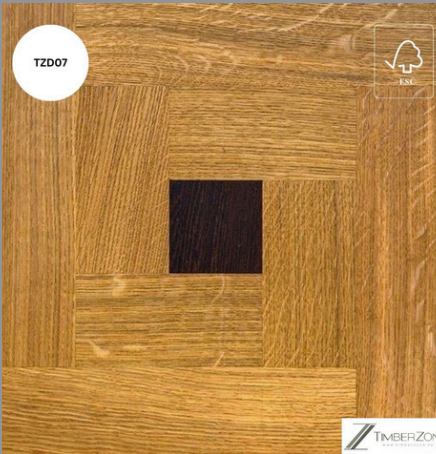

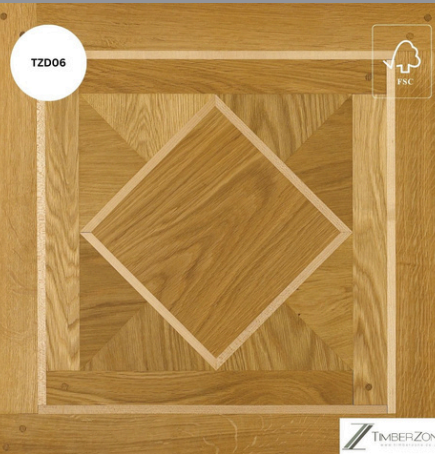

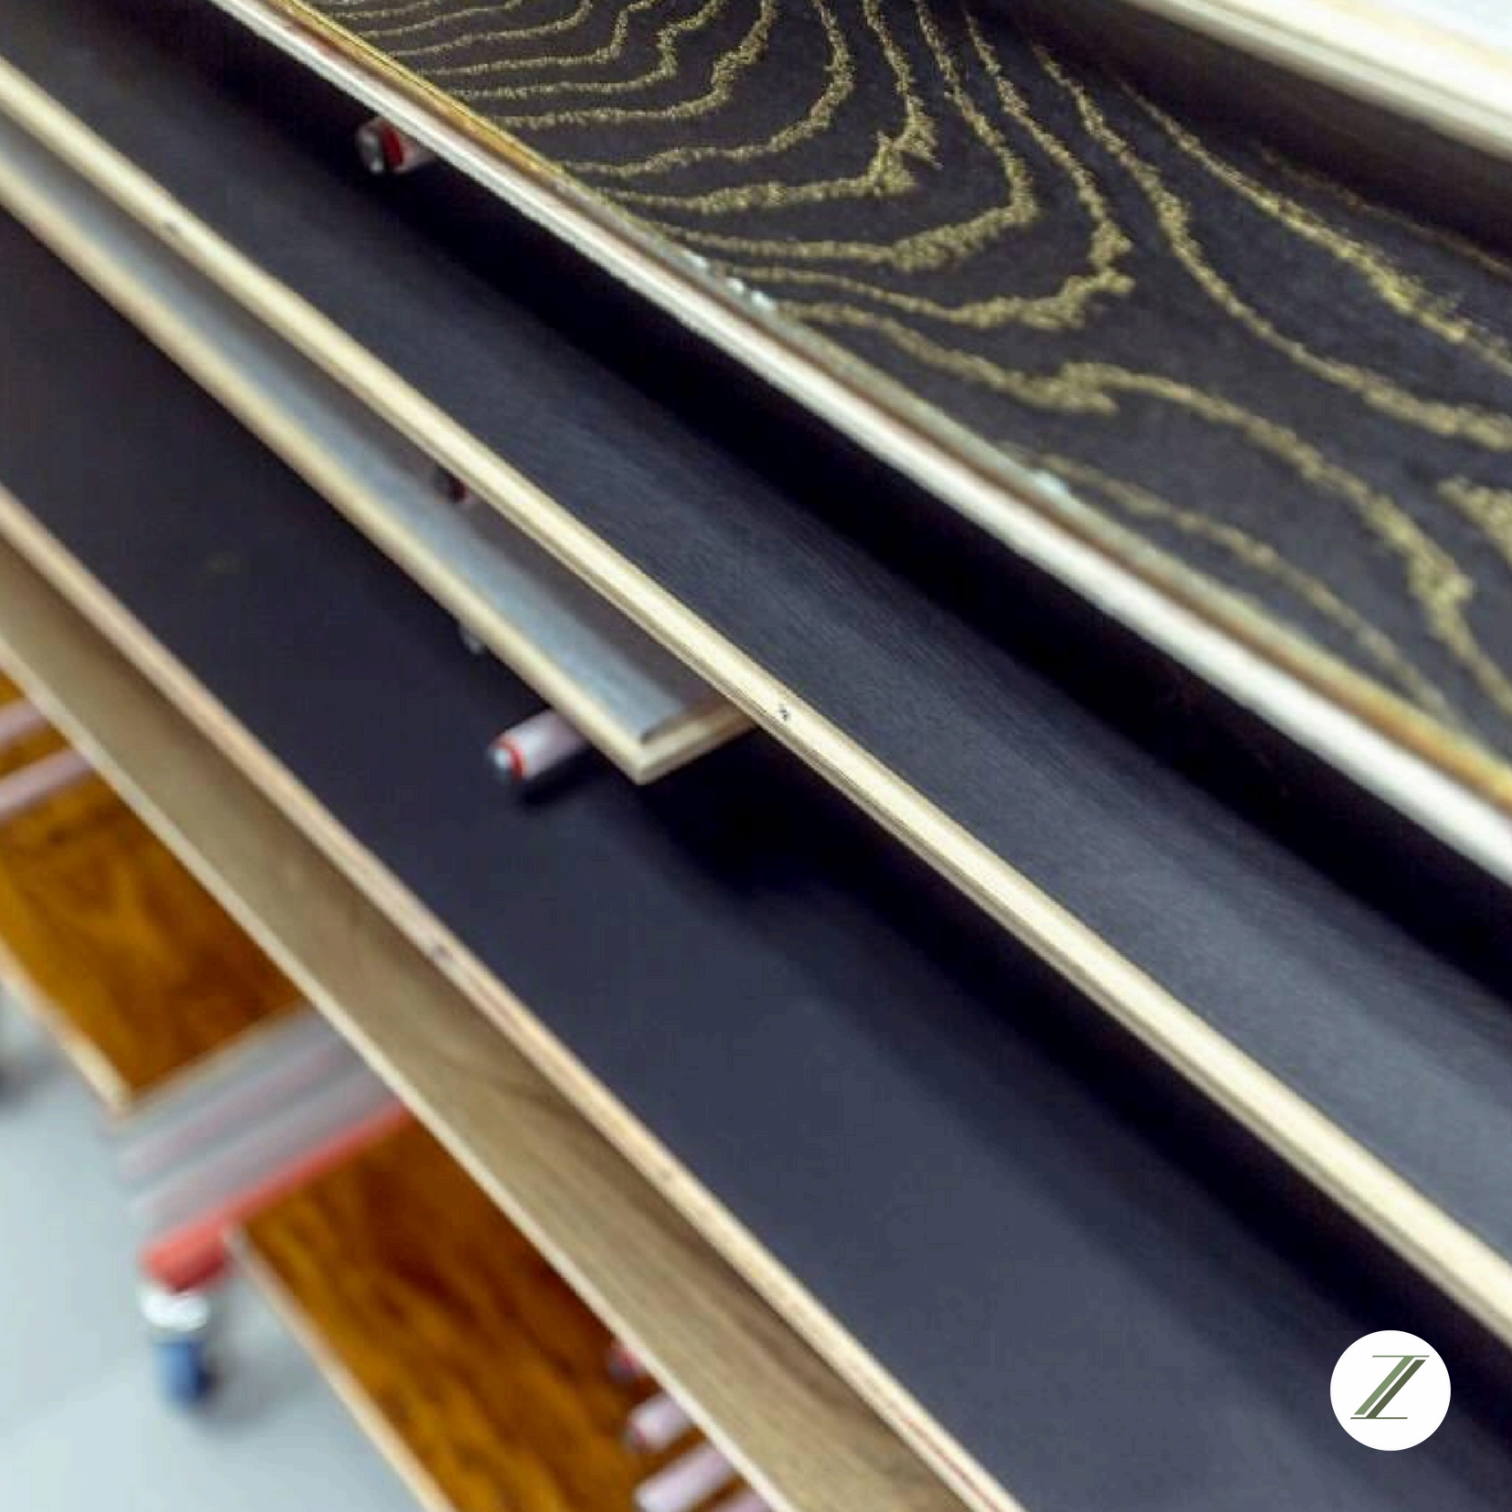

# WOOD FLOORING DESIGN

Wood flooring offers timeless beauty and durability. Consider grain patterns, colors, and finishes to enhance your space. Custom designs can add character and value, whether aiming for rustic charm or modern elegance.

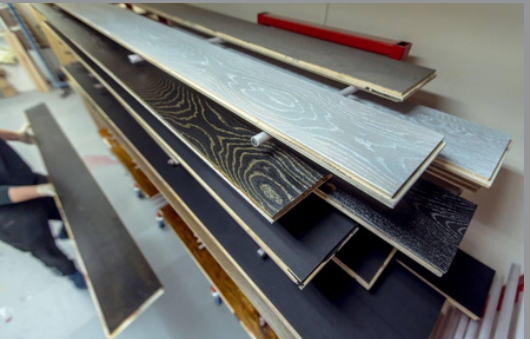

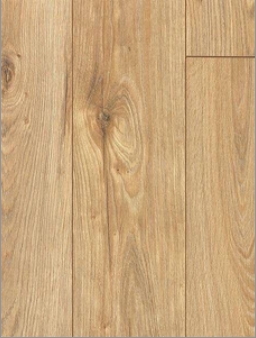

# OUR BESPOKE COLOUR

Our bespoke colour service offers custom shades tailored to your vision. Work with our experts to create a unique hue that perfectly complements your space and reflects your personal style.

## GRADING RULES

### GRADING

We offer 3 grades of wood : Rustic, Prime and Quarter Sawn.

When requesting a sample, please note that it provides a limited representation and may not capture the full range of variations present among the wood pieces.

For a truly accurate representation, visit our showroom to view a more extensive selection of samples.

### SPECIAL FINISHES

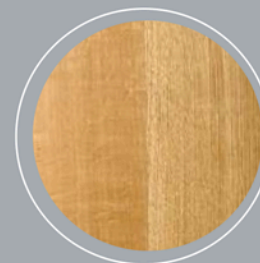

Explore our extensive selection of custom-made floors, encompassing a diverse range of finishes and surface textures available in both solid and engineered formats. Choose from various thicknesses and widths to tailor your flooring to perfection.
